

Short-Term Payment Plan option

To help make tuition payments manageable for students, CDU offers a short-term payment plan for students registered in a Term for 3 or more credits. The payment plan allows tuition to be spread out over three or four equal installments over the course of the term. There is a \$30 per course fee and this option is only available for online term courses.

If you would like to utilize the short-term payment plan option, please indicate this during your registration process. After you have registered for the term, the Bursar will contact you with a payment plan agreement detailing payment amounts and due dates. **ALL PAYMENT PLANS MUST BE APPROVED BY THE BURSAR.** Each month after registration, you will need to visit MyCDU to pay your monthly installments. Please note that your student ledger will show the full amount due. When making installment payments, you may adjust this amount manually to agree with your scheduled payment. Should you have any questions regarding payment plans please contact the Bursar at bursar@cdu.edu.

The 12 week term course short-term payment plan is based on four equal payments of the current tuition. In addition, the first payment includes all additional fees such as technology fees and payment plan fees. The following are examples of payment plan schedules at the current tuition rates for a 3 credit course at both the undergraduate and graduate level.

12 Week Term Course Graduate Level Tuition: Example only. Please contact Bursar for details.	
Date of Payment	Monthly payment for one 3 credit course
